Commodore's Message

I don't want to jinx us here, but I think we might just be done with winter! I took my shrink wrap off and it is now time to get Sandy's Beach ready for the season. This year will be a little different though, I am going to pay someone to wash and wax this year! It is getting increasingly more difficult for me to do it. Besides there never seems to be enough time, and openings are going to start soon. I'd like to get the boat in the water soon, so we can go to more openings this year by boat.

Our March activities were a huge success and very well attended. A big thanks goes out to Phil Hock our Land Cruise Chairman and our Fleet Captain for a great Land Cruise. Also thanks go out to the clubs we visited, Red Eye, Bush River, and Sue Haven Yacht Clubs. All of our sister clubs gave us warm welcomes and a fantastic time. We managed to return home with all and even picked up a few along the way. Then the following day we steam rolled right into Slip Assignment day. Another success, great job Rear Commodore, and all the Past Commodores who again volunteered their time to make this day run smooth for all. This is a difficult and time consuming process and requires a lot of effort on the part of the Rear Commodore and his committee, so thank you all for your efforts.

With April coming up there will be more activity with our Sock Burning and Easter Party just to name a few activities to get us warmed up for Opening Weekend. Opening Weekend! Wow it is almost here. I know Opening Weekend Chairman Jay is working hard on it. It is going to be great, and I am hoping everyone will get into the theme for this year. I had the years coming up the line to think about the theme and the biggest reason I picked "Fantasy Island" was one, we do call the club our Island, and second and most important, is I know our membership has so many very creative and talented members. This theme year is for you. Fantasy Island is not about a tropical Island, although its TV location was, but that is not all of it. It was a place where people would go, by sea plane, (the plane boss) to live out a fantasy of theirs. So this year when you come to Fantasy Island for Opening Weekend feel free to dress for the occasion. I am really looking forward to seeing some creative costumes and ideas. Have fun with it. That is what our club is all about, the fun!

So with the thoughts of Opening Weekend comes a new boating season. Many of us are getting the boats cleaned, waxed and fueled up for another season on the Chesapeake Bay. It is my hope for a great season this year, Mother Nature owes us one. But with the hope of good weather also comes my desire for this year to be a safe and happy season for everyone. Please remember your boating safety while out there and take the extra steps for safety.

See you at the club,

Commodore Morgan (Tattoo)

Vice Commodore's Message

Hello everyone. Finally it appears that spring may be wresting the grip of winter away with flowers pushing up and the D.C. cherry trees in full bloom. We already had some weekends without rain this year and I'm hoping this is a trend that will continue throughout the season.

The membership committee has been busy with interviews and as expected there has been a flurry of interest in social memberships now that the weather has gotten people thinking of the coming summer.

Many of you have noticed and have been participating in our test program, Friday Night Happy Hour. We're trying different things to make it even more fun, such as the recent Special Drink competition. If you think this is a good idea, please come out and participate. It's on a trial basis so support it if you think it's something we should continue with going forward.

Something to watch for that also came out of the Club Operations committee is the member satisfaction survey cards that will be presented at the end of meals. Please take the time to give feedback both good and constructive to the staff and Club governance. It's appreciated and will help make the Club even better than it already is.

We've got an event that is personally very special to me coming up in early April and that is Veteran's Appreciation Day. The idea was borne from a conversation I had with my mom just a couple of years ago and I mentioned something about what dad said about the war (WWII) when I was a teenager. There was a long pause and then she asked, "He talked to you about the war"? I went on to explain the first time was late at night when we both had insomnia. He was up watching South Pacific and just started talking about some things that happened when he was over there. Sadly, he passed away soon after that and I never got a chance to hear a lot more. But this was the basis for the event, I realized that many or most veterans I know don't talk about their service. Many don't mention that they were in the service at all as we learned the last time we held this event. So I wanted to create an event to honor veterans in a relaxed atmosphere and have fun. It's an opportunity to if they want, exchange stories with others of similar experience. I hope we have a great turnout of both veterans and their friends who want to offer support.

It'll be great to see everyone on the piers sprucing their boats as well as on the hill, now that the water is flowing and the air is warming. Get ready for boating season, here it comes!

Rear Commodore's Message

Hello everyone,

There is warmer weather in the cards!! With the Marinas and Yacht Clubs all a buzz, spring is in the air and Opening Day at Camden Yards is Thursday April 4th against the New York Yankees. The boating season is upon us and we have a lot of work to do.

First I want to welcome Donnie Quinn as BYC's Marina Manager. Donnie brings a wealth of knowledge and experience that will take us to new heights in a professional marine atmosphere. He has already been working hard to update and clean out the old Dock Masters Office. Please introduce yourself and welcome Donnie to our BYC family.

With Slip Assignment Day behind us we can now start looking forward to another wonderful season at Baltimore Yacht Club. The new contracts are being prepared and should be sent out by the time you read this. Please get your contract back to us as soon as possible and don't forget to include proof of insurance, showing at least $500,000 coverage, in the form of a copy of your declaration page. For those of you that did not get a slip this year, the "Temp List" is already prepared and we will begin our search for slips to assign as they come available. We will make every effort to get as many members into the Basin as possible, as soon as possible. We ask that anyone who has a slip but, for whatever reason, will not be keeping a boat in it for an extended period to please let us know.

Pier Repair Day is coming up on Saturday April 6th, starting at 9:00 am. Let's plan to meet at the dock house at 9:00AM. There will be coffee and donuts and then it's off to the tasks at hand. I will be walking the piers in advance with Donnie and Scott to identify any special issues ahead of time. For those new members who have not attended in the past, this is a great chance to work side by side with your fellow club members, promote camaraderie and make new friends. A complimentary lunch will be served in the Club House after completion, where we will take a group picture and talk about our accomplishments of the day. Please remember to bring your hammers, cordless drills, extra batteries, crowbars, and work gloves.

In closing, I will be walking the Spit one last time before we start taking unclaimed trailers and water craft out for display and possible disposal. Any trailer, dinghy or paddle craft that is not identified with some type of ownership will be removed. Stickers need to be on all trailers. You can register your trailer with the office then attach the sticker. The large white PVC rack is for week end overflow and not for permanent storage. If you have any items on that rack, they need to be removed.

See You at the Club

Rear Commodore
Barry Scott

Fleet Captain's Message

Greetings BYC members,

It's now officially spring in Maryland. That means either a cold, wet month and a half with temperatures going directly to 90 degrees or a gradual rise in temperatures and pleasant weather. Personally, I'm betting on the former. Now for the important stuff.

April is the traditional start to our boating season, which means that everyone will be busy preparing their boats for summer. But all work and no play is not how BYC members operate. Members typically start April with Pier Repair Day. This year, it's on April 6th, and we will start at 9 a.m. following a hearty breakfast of coffee and donuts. Although we do work on the piers and re-commission the water system, it's more about comradery, spending time with fellow members and friends. Then, after all our hard work, enjoy FREE beer and food on the hill. Seriously, if you haven't done this before, come and join in; it's really a lot of fun.

Enough about work. So, let me give everyone a heads up on upcoming events for April at BYC. April 6th is our Veterans Appreciation Day where we honor our members who have served in the US military. A flyer was sent out with details for the event, and we ask you to call and make reservations.

On April 13th, we have the BYC Sock Burning. This has become the unofficial salute to spring and the new boating season. Entertainment and food will be available during the day plus music in the evening.

April 20th is the BYC Children's Easter Party with fun and games for all. I'm sure there will be a visit from the Easter Bunny, so bring the family and enjoy the day.

The last event for April is a big one -- the Spring Dance and Shrimp Feast. Check out the flyer that has been sent out for details on the menu. We will be entertained later that night by the music from Sound Storm. If you enjoy Motown music and horns, you won't be disappointed.

Looking forward to a safe and pleasant boating season!

Fleet Captain Bill Ortman

A Message from the Princess

Spring is that time of year when we think about transformation, growth and new beginnings. It signifies a time for change, and the warmer weather and longer days seems to energize us. At school, the third quarter just ended - we are moving on from winter sports to spring sports and we are beginning taking the Maryland State Exams and assessments. Kids around the country are getting very excited for the last few months of school before summer break begins. For me, this signifies my half way point in High School, as I will be entering my Junior year come September. Junior year will be the time that I will start to think about colleges and where I want to put my roots after graduation.

As we move away from the dreary winter months, BYC too has been in full swing preparing for the beginning of summer. At the club, I participated in Slip Assignment day and got to watch all of the action. Many people took advantage of the day to change up their slips to get that sweet spot on the piers. Soon everyone will be waxing and cleaning their boats, stocking them up for summer, and participating in Beautification Day at the club. Although I wasn't bidding on a slip, I was in full action selling more 50/50 raffles for my charity – Alzheimer's Foundation of America (AFA).

I am more than half way to my goal of $2,500, and even more energized to reach it. For this, I want to remind you that Spring is not just a noun- it is a verb, meaning to leap forward over obstacles. To move forward and make this goal a reality, I have organized a happy hour on Thursday, May 16th at Liberatore's Restaurant in Bel Air. It will be a very fun event – a percentage of the happy hour sales will go to AFA, but I will also be selling tickets and taking donations. Additionally, our very own BYC member Hank Waida will be playing on the acoustic guitar. AFA provides the funding and resources to deliver support, services and education, as well as to fund research for better treatment and a cure. I am committed to advocating for the individuals, families and caregivers affected by the disease. Every little bit helps because it may be the difference someone needs.

If you unable to make it to the happy hour, or we haven't run into each other at the club, I want to remind you that you can still purchase tickets from Scott (who is always at the club! Thank you Scott!) or you can email me at maddycoard@gmail.com. Tickets are $20/each, can be purchased with cash, check or member number, and the event runs till opening weekend.

With that, I want to close with a quote that remind me of what Spring means to me– a time for growth and a time for moving forward - "The three Cs in life: choice, chance, change. You must make the choice to take the chance if you want anything in life to change." — Unknown

A & B Pier Report

Welcome all new A & B Pier Members

I have an email list of those pier members who wish to be included on my monthly email for spray info and announcements. If you would like to be added to my email list please email back at lori.ostendarp@morganstanley.com with your name and email address and I will add you on. In addition, a friendly reminder to ALL A & B Pier folks, pier dues will again be $25.00 per boat, this includes a Memorial Day Cookout, Labor Day Cookout and hopefully a few random get-togethers throughout the summer. Please see either Pier Captain Dave Ostendarp or myself in slip B-29 to pay your pier dues and we will mark you off our list.

That's all for now, don't forget to email me anything you might want to share in my Spray article.

Take care,

Lori A. Ostendarp
Lori.ostendarp@morganstanley.com

C Pier Report

Let's get business out of the way first: Our fearless Pier Captain Kris Stremmel has sent out her annual Spring email. If you did not get it, please send her an e-mail at Kris.Stremmel@gmail.com so she can add you to the list.

The email reminds C Pier residents that dues are $25 and please pay Tom Strobel in Slip C-41. Also, C Pier hosts a breakfast on Saturday morning of Opening Weekend, and everybody on the Island is welcome. Please bring something to share. My rule of thumb is to bring enough for about 10 people because we have a lot of boats on C Pier and end up with plenty of food. I'll be bringing the loaded potato waffles again so please don't choose that as your dish.

Next, I have an update that Dr. Dan Dietrick has made it home from a rehab facility. Our thoughts and prayers are still with him and his family that he has a smooth, continuous, quick recovery.

In other C Pier news, Pat and Rosalie Brennan will be welcoming a second great-grandchild later this year.

The final winter brunch took place at Schaefer's Canal house with John Schlee, Pat and Rosalie Brennan, Jerry and Linda Stank, Charles and Betty Winchester, Jack and Barb Taylor, Dan and Connie Ziegfeld, and Jim and I attending. Former BYC member Henry and Kim Basta who are trying out boating from Kent Island this year also joined us.

Next up, Stacy Mellinger had a great idea of celebrating Don's birthday with a weekend trip to somewhere so Boyd's, Paluszynski's, and Kowal's will be joining them in Cambridge, MD, this weekend. Former C Pier residents Tom and Linda Husum should also be joining us.

After that, P/C Jim says it's time to get back to the boat!

Remember to e-mail me news,

Valerie Paluszynski, Paluszynski@comcast.net

D-Pier Report

Ahoy D Pier! As the 2019 season begins, it is again time for a Hail and Farewell as we all wish a hearty "Welcome Aboard" to our new D Pier neighbors arriving and warm "Fair Winds and Following Seas" to old friends departing.

Speaking of departures, Ed and Linda Gerner's well-loved Symbol Fast Trawler CHESAPEAKE ROGUE, is on her way to her new home port in Seattle, on her own bottom to Ft. Lauderdale, thence by ship transport. The motivation for selling was articulated best by Linda, "We are slowing down as we age. So we need a faster boat". As of this article, the Gerners were working very hard to have a new boat for the upcoming season.

The mischievous and sassy D Pier mouse has returned! I recently got a note signed A. Nono Mouse. The note reads,

"It has been reported to Mr. Mouse that the reason that Dr. Toomey got that great big slip was that he has handling problems and that slip is big enough for him to make a U turn in. Don Kaelber purchased a fuel barge for the summer cruise! To a certain duck hunter, they are cheaper in the food store and there are more of them there. According to our local weather person, 'April weather will be clear and cloudy followed by May'. If you see Ed and Linda Gerner standing at the head of the pier with bags, offer them a ride. They are desperate."

Until next time, see you on D Pier!
Joe Hellner

ABYC Setting Standards for Safer Boating

SAMS

Chesapeake Area Professional Captains Association

Sue Island Sue

How much fun was this year's land cruise??!!? The Bodkin/Baltimore mash up at Bush River Yacht Club was just the best!! The meeting of the BYCs! We really do love our sister clubs.

BTW…who hogged all the jello shots? Oh right, bus #1 had them all! Well only until the first stop then that was taken care of quickly!

Another Slip Assignment Day, or as overheard "First day of spring" has come and gone. Did the owner of the rubber band that was wrapped around the wad of bills ever claim the rubber band?

R/C Barry was on fire with the jokes. Who writes your material Barry??

The St Paddy's Day party did not disappoint. The food was definitely not disappointing! Did anyone notice how many plates of food V/C Joe ate? How does he keep that youthful figure???

That picture frame we were all using for our photo ops looked very familiar, hmmmmm. Hadn't we just seen the same exact one at Bush River YC the week before?? Word is BRYC's First Lady graciously gave it to us. They were done using it.
The band Zig Zag really rocked it that evening. The guy on bass looked so familiar! They had some mean cow bell going there. SIS loves cowbell!!!

Well, Happy Spring everyone! Hurry up and get your boats in their slips so the fun at the clubhouse, as well as the basin, can get kicked into high gear!!!

Kilroy

Kilroy here, reporting:

1.) Early birds will appreciate that water has been turned on early in the bath houses.

2.) Kilroy enjoyed seeing everybody at Slip Assignment day and hopes members are happy with the outcome.

3.) Kilroy had a good time at the St. Patrick's Day party. Everybody looked great in their green party outfits. Kilroy did not witness any misbehavior worthy of a Spray mention; please try harder, people. This column does not write itself.

Kilroy

Fleet Chaplain's Message

Don't Worry, be Happy

Don't Worry. Welcome to the month of April! April means de-winterize the boat and get ready to cruise and be happy! Most people don't like winter and worry that their boats will be damaged if left in the water. According to the insurance companies, it doesn't matter. So many people today are living with less than God's best because they've allowed worry and fear to creep in and take root in their lives. Fear is the greatest weapon the enemy uses to try to hold us back. Fear is not from God. Scripture tells us that fear brings torment. (Ephesians 4:27 – "Do not give the Devil an opportunity to work"). It's designed to paralyze us and keep us from God's blessings. Greetings in the name of our Lord and Savior, Jesus Christ.

John 15:11:
"These things have I spoken unto you, that my joy might remain in you, and that your joy might be full."

Be Happy. Jesus came to give you joy and joy to the fullest! When you are full of joy and happiness, it can be seen by others. As believers, we should have a smile on our face and a spring in our step. We should be kind and friendly. We should be fun to be around. We should be full of His supernatural joy!

Have you allowed the pressures of life push you down? Have you been focused on your circumstances other than on God? If you're not enjoying your life or relationships, it's time to refocus and tap into the full joy within you. It's time to draw the line in the sand and say, "That's it. I'm not going to live another day negative, discouraged, or grumpy. I'm going to put a smile on my face. I'm going to let my joy be seen so I can brighten someone else's day. I'm going to live my life happy and full of joy!"

When you take that step of faith and choose to trust God with your future, something changes on the inside. Your feelings will soon line up. Your faith will tap into His supernatural joy. And when you tap into joy and happiness, you tap into His strength and success, so you can live the full, abundant life He has prepared for you.

Let us pray:
Father, thank You for the gift of joy and happiness. Thank You for lavishing Your love and grace on me. Fill me with Your power, strength and virtue, so that my joy will overflow and be a blessing everywhere I go. In the Lords holy name. AMEN

Remember:
"Be happy, not because everything is good, but because you can see the good in everything."

Chris Minnich
Chaplain

Manager's Message

As I start my sixth season here at Baltimore Yacht Club, I found myself reminiscing the other day. It was a quiet Sunday morning and the staff was cleaning up from the night before, we had some music playing and CBS Sunday Morning on the TVs, and my mind started to think about how we are just weeks away from the clubhouse having members sitting around and enjoying the traditional Sunday morning complimentary coffee and donuts while enjoying the morning news and sharing stories from the weekend, along with updates on all the activities of their family and friends.

Many aspects of those customary Sunday mornings at BYC take me to enjoyable thoughts of my family gatherings when I was a kid. My extended family of over five generations of cousins would gather every Sunday morning at an old shore house on Seneca Creek. Everyone would claim a picnic table or two, but the whole family would share the grill, house, and pier. The day was filled with fun activities like fishing, horseshoes, and volleyball. We all still cherish the pictures and stories from those days on Seneca Creek. However, there are just two key aspects beyond all other similarities to the days I now spend on Sue Island and they are that my Grandmother would always bring donuts and I would always watch CBS Sunday Morning with my Pop-pop. Those similarities really make me feel warm and comfortable every Sunday morning in the summer now.

Baltimore Yacht Club has become so much more than a place of work for me, it has become a home and the membership and staff have become part of my family. I know I am not alone in feeling this way and that many members and staff share this very similar feeling. Like my family's old shore home, while we maintained and put on additions, it was never about the shore home itself, it was really about our family and getting to welcome others into this special family tradition. While our residences were about 30 minutes from that shore house, it was home every Sunday in the summer.

So while there is so much more to report on as we go into the 2019 season. I just wanted to write about why I am so excited on this quite peaceful Sunday morning on Sue Island.

I am looking forward to seeing our membership enjoying the Club with their family and friends while getting away from everything going on beyond our gate, because inside the BYC gate "it is always sunny on Sue Island!"

All The Best,

Scott Lockwood, CCM

Marina Manager Message

I would like to take some time to introduce myself and let you know what I have planned and have accomplished in the short time I have spent at the club. If you ever went to Great Oak Landing we probably met at some point. I was the Dock Master there for 14 years. Last winter I finally became a Certified Marina Operator through the Association of Marina Industries (AMI) program. The member involvement at BYC Is unlike anything I have witnessed in my career in the marina industry. I was at Slip Assignment day and have never seen anything like it. It made me more excited to join the Club and everyone there made my family and I feel welcome!

If you have not noticed the dock staff and myself are working on painting and cleaning the dock building in the basin area. We are in the back end of cleaning it up and making it more presentable. If you walk in the dock office you will see that we implemented a dock walk to the daily routine. I felt it was necessary for someone to walk the docks every day and note it so the members felt piece of mind knowing someone was looking after their boat. We also put a daily check log for the dock staff down in the office. It is just a reminder to the staff what daily objectives should be completed. Next, on the bucket list we will be cleaning up the fuel dock and then we will start to clean up the main docks. There is a lot of old strapping under the finger piers and some covers missing on the pedestals that will be addressed shortly. If any members need anything on the docks please email me and we will take care of it.

In closing, I would like to thank all the staff and members that my family and I have met. You have made this transition easy for me! Everyone is excited as I am to get the season under way. Hopefully the weather breaks soon and we can get back to boating. Thanks again for all the support and I can't wait to meet everyone.

Donnie Quinn, CMO
